EDUCATION

Rajalakshmi Institute of Technology

B.Tech in Computer Science and Business Systems

Chennai

Sep 2022 – May 2027

Montfort Matric Higher Secondary School

Higher Secondary Education

Tindivanam

June 2022 – Apr 2023

EXPERIENCE

Jorim Technology Solutions

Python Full Stack Development Intern

Nov 2025 – Jan 2026

Pammal, Chennai

- Built and deployed full-stack web modules using **Django (MTV) + HTML/CSS/JavaScript + MySQL**, reducing manual admin work by 30% via **Django Admin** automation and reusable templates.
- Developed secure **REST APIs** using **Django REST Framework (DRF)** with **JWT/Token Authentication**, enabling validated **CRUD operations** and improving reliability with 100% **serializer-based validation**.
- Integrated **React** frontend with **Django** backend using **Axios/Fetch** and maintained code using **Git/GitHub workflows**, reducing repeated UI code by 40% with reusable **components**.

PROJECTS

SmartHostel 360 | HTML, CSS, JavaScript, Node.js, Express, MySQL

[[GitHub Link](#)]

- Developed a **role-based Hostel Management Platform** using **Django, Django REST Framework (DRF), MySQL**, and **Vanilla JavaScript**, digitizing core hostel workflows and improving **operational efficiency**.
- Implemented **JWT Authentication** and **custom permission classes** to enforce **secure role-based access**, and built a **gender-aware room allocation algorithm** using **filtering and sorting techniques** to streamline the room assignment process.
- Designed optimized **RESTful APIs** with a **centralized aggregate endpoint** and efficient **data structures (arrays, hash maps)** for fast lookups, reducing frontend API calls by **~60%** and enabling **offline-first demo functionality**.

DevSphere | Python, Django, HTML, CSS, JavaScript, Bootstrap, MySQL

[[GitHub Link](#)]

- Developed a **full-stack web application** using **Django, HTML, CSS, JavaScript**, and **Bootstrap** to manage **blogs, projects**, and **technical skills** within a unified platform.
- Implemented dynamic features including **CRUD operations**, **search**, **category/tag filtering**, **pagination**, and **comment moderation**, enhancing **content management** and overall usability.
- Designed a **responsive user interface** with **dark mode support**, **performance optimizations**, and **secure form handling**, improving user experience across devices.

TECHNICAL SKILLS

Languages: Python, Java, C

Frontend: HTML, CSS, JavaScript, React, Bootstrap

Backend: Django, Express.js, REST API

Databases: MySQL, PostgreSQL

Tools & Platforms: Git, GitHub, VS Code, Postman, PyCharm, IntelliJ

Libraries: pandas, NumPy, Matplotlib

Core Concepts: Data Structures and Algorithms, DBMS, OOP

CERTIFICATIONS

- Programming in Java – NPTEL, Python – Scaler Academy
- 100 Days of Code of Python - Udemy (Angela Yu), Python Programming – Code Galatta
- Core Java – Code Galatta, Java – Introduction to Java (SoloLearn)
- Web Development – The Complete 2025 Web Development Bootcamp (Udemy, Angela Yu)
